**Executive Summary**

**Visionary** Consulting Partners, LLC provides a wide range of consultative services designed to increase the ability of healthcare providers, community-based organizations and public health agencies in the design, implementation and management of comprehensive healthcare quality improvement programs. Visionary provides Initial Outfitting Transitional and Activation (IOT&A) services; Program and Project Management; Information Technology; Business Process Improvement; and Organizational Development and Training.

**Founded** in 2008, Visionary focuses on underserved populations. Visionary believes that everyone has the right to optimal health that will transform their lives and the communities in which they reside live through improved policies and dissemination methods. Visionary is committed to improving the health of traditionally underserved populations, including women, children, and Veterans, through focused endeavors in quality improvement, outreach, research, and implementation.

**Visionary's** principal consultants have over 75 years of combined experience in the areas of implementation research, chronic disease management, health promotion and health education, health administration, and health information technology. Our consultants have expertise in education and training, clinical research and data analysis, and communications and marketing. We take pride in our ability to also deliver Independent Verification and Validation, Compliance, Reporting, Finance and Fiscal Analysis, and Operations Research services to our clients.

**Visionary** also provides innovative staffing support and personnel augmentation/management services for our clients. With a national and international network of resources, Visionary is capable of identifying, recruiting, interviewing, hiring, placing and retaining professional personnel resources that range from entry-level administrative assistants to executive-level professionals that support the highest levels of government and corporate leadership. Visionary is proud to provide Executive and Senior Advisor-level staffing support and comprehensive staff augmentation services to support functions in administrative, clerical, program analysis, and program / project management at varying career levels across disciplines for various government agencies. Visionary also delivers a full range of contract procurement support services, executing approximately 1.4 billion dollars in contract actions annually.

**Our** mission is to provide effective, innovative, and pragmatic solutions for promoting wellness, improving health and quality of life. We welcome the opportunity to serve and support your organization's mission.
