FOR IMMEDIATE RELEASE 10/8/2019

U.S. DEPARTMENT OF VETERANS AFFAIRS (VA) AWARDS TEAM VISIONARY \$25M IDIQ
FOR HUMAN FACTORS SERVICES

Fairfax, VA - Visionary Consulting Partners, LLC (Visionary) together with its trusted partner, Spectrum Software Technology, Inc. (SST), was recently awarded a 5-year, Indefinite Delivery/Indefinite Quantity (IDIQ) award and Task Order for Veterans Health Administration Human Factors Services. The scope of this procurement is to obtain Human Factors Engineering (HFE) support services for the VA Office of Health Informatics. Team Visionary will provide staffing, training, project management, and subject matter expertise to conduct studies in accordance with HFE and VA requirements. This effort will include and support the programs listed below as well as new ones that may emerge:

- **Legacy Vista/CPRS:** VA's current electronic health record (EHR) system. This also includes the Joint Legacy Viewer (JLV) and CPRS support on national releases.
- **Electronic Health Record Modernization (EHRM):** A new electronic health record system that will facilitate interoperability with the Department of Defense (DoD) and other health care partners to enhance patient-centered, team-based and evidence-based care by giving health care providers a complete picture of a patient's care and treatment history.
- **Connected Care:** Tools for Veterans, family caregivers, and clinicians provided through several modalities including smartphones, tablets, kiosks and websites. My HealthVet, Web and Mobile Solutions, and Telehealth are part of this suite.
- **Community Care:** Refers eligible Veterans for care in the community, collecting data about the care provided and patient outcomes achieved, and paying for the care.

As one of three companies selected out of a wide pool of competitors, this momentous win will allow Team Visionary to continue its commitment to the Nations' Veterans and their families.
